Re: Change of Scope Letter

Dear Steve:

As we discussed, enclosed is a DRAFT letter that outlines the modifications and changes made and agreed to the work plan at CCCI. In order to start the preparation of the Final Report on this project, we need to have these modification and changes memorialized.

Will you please review the attached letter and made any changes, additions or deletions that you feel should be made. Return these comments to me so that a final letter that both you and I can sign can be prepared.

Very Truly Yours

Fred G. Krikau P.E.
